WATER DISTRICT

# Meadow Grass Drive Water Main Replacement Project: Paving Scheduled August 27-29, 2024

Dear Valued Customer,

In late August 2024, K&E Excavating Inc., using trucks with the H&H Paving logo, will be paving NW Meadow Grass Drive, NW 171st Place, and NW 172nd Place. This work is part of the Tualatin Valley Water District's (TVWD) [Meadow Grass Drive Water Main Replacement Project](#).

## PAVING DETAILS

- **Dates:** Tuesday, August 27 through Thursday, August 29, 2024
- **Time:** 7 a.m. to 6 p.m. each day
- **Area:** View the map below highlighting the areas to be paved.

Paving is subject to weather conditions and may be rescheduled. Stay updated by checking the dedicated project webpage at [TVWD.org/MeadowGrass](https://TVWD.org/MeadowGrass).

## WHAT TO EXPECT

- **Parking Restrictions:** Parking along the roads being paved may be temporarily prohibited to allow for construction activities. Consider parking your vehicle on a nearby street during paving operations.
- **Traffic Delays and Control:** Expect temporary traffic delays or detours as sections of the road will be closed off for paving. This can result in slower travel times, especially during peak hours. Flaggers will direct traffic when paving is occurring.
- **Noise and Dust:** Paving operations can be noisy, especially with heavy machinery and equipment in use. Additionally, there may be dust kicked up

during the process. The edges of the new paving will be sealed with sand, which can also generate dust.

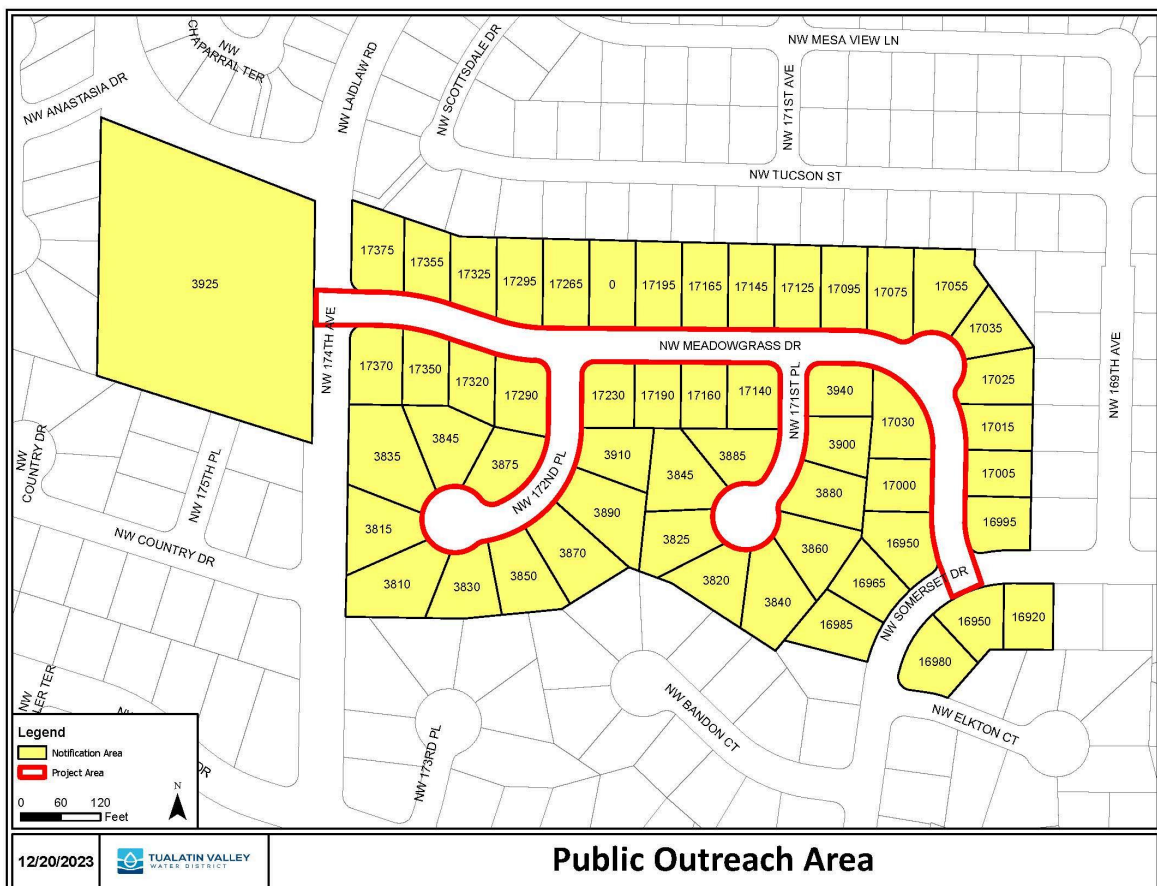

- **No Water Service Interruptions:** During paving, water service to your home will not be affected.

## QUESTIONS

- Call: Joel Ayres, Construction and Maintenance Supervisor, (503) 848-3030
